Dear Families,

Community Memorial Health Center has **NO** active COVID-19 positive patients or staff. We are continuously educating staff on Infection Control practices.

This is exciting news because we will now start to roll out **PHASE 2** in the Long-Term Care COVID-19 Phasing Guidance provided by Department of Health and Human Services. We can remain in **PHASE 2** as long as we have no positive cases.

We encourage you to review the CDC website for information about COVID-19, including its symptoms, how it spreads, and actions you can take to protect your health:
<https://www.cdc.gov/coronavirus/2019-ncov/index.html> .

Thank you very much for everything you are doing to keep our residents and facility staff safe and healthy. Some opportunities we have in place for you to visit with your loved one:

1. Email pictures and letters to Cassidy at ssa@cmhcburwell.com .
2. Set up video chat.
3. See your loved one through their window.
4. Give them a call.

CMHC residents are enjoying fresh air when the weather permits.

We discourage any food, flowers, or letters via mail because we cannot disinfect these items properly.

We continue to monitor the situation in our community; ***Our most current updates will also be updated on our website.*** Thank you for your patience during these times.

Please feel free to give us a call for any reason.

Thank you again,

Kally Cloeter , Administrator
