Dear Families,

Community Memorial Health Center has **NO** active COVID-19 positive patients or staff. We are continuously educating staff on Infection Control practices.

Nursing Home's are under new regulations by CMS (federal government) to do COVID19 testing. There are three types of testing. At this time, we are conducting routine testing on staff only. If we were to have to test your loved one we will reach out to the POA. All POA's of Health should have received information on this. If you did not please call us and we can get it to you.

If you would like to schedule a visit, please call 308-346-4440. Monday-Friday. First visits start at 9am and last visit starts at 3pm. 45min visits with 1-hour time slots.

The hairdresser has started back up at CMHC. The residents have been loving this amenity back.

Don't forget, window visits are encouraged for all residents! Real flowers are prohibited again. Thank you for your patience with this practice.

Today we had a band play in front of the facility! Resident enjoyed this immensely. See our Facebook page for pictures.

We encourage you to review the CDC website for information about COVID-19, including its symptoms, how it spreads, and actions you can take to protect your health:

<https://www.cdc.gov/coronavirus/2019-ncov/index.html> .

We continue to monitor the situation in our community; ***Our most current updates will also be updated on our website.*** Thank you for your patience during these times.

Please feel free to give us a call for any reason.

Thank you again,

Kally Cloeter , Administrator
